

'Your Trusted Landscaping Partner'

CAPABILITY STATEMENT

Commercial Landscaping Experts

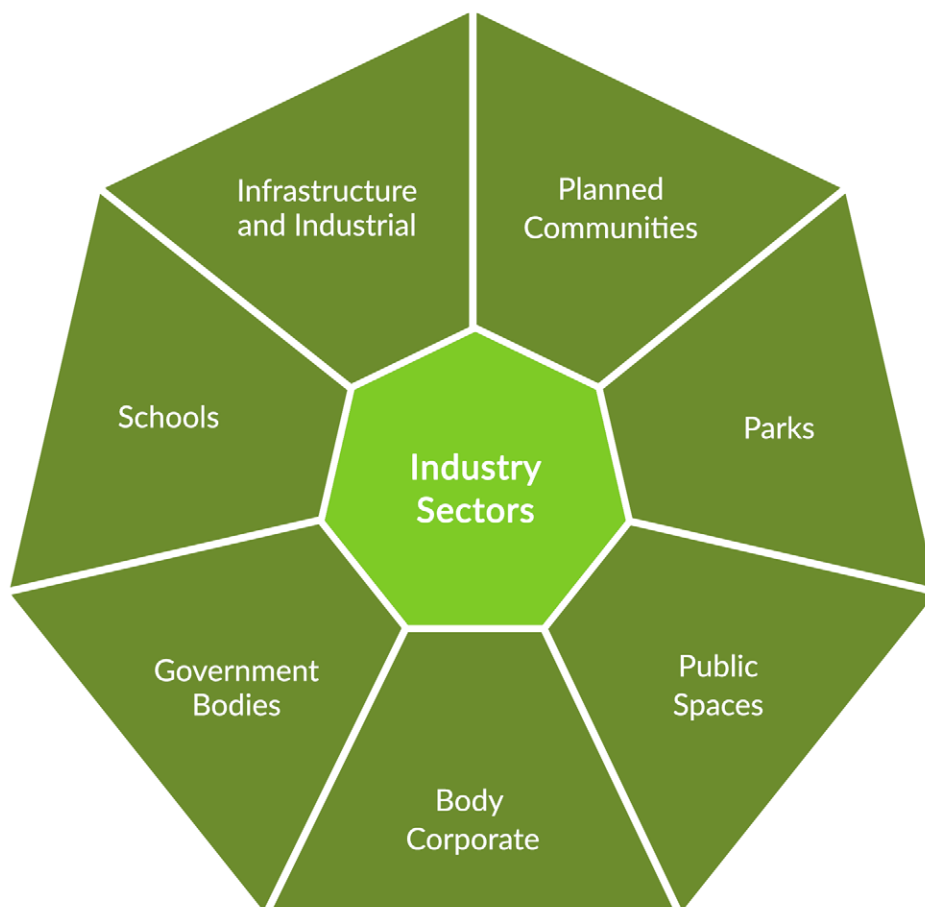

COMPANY OVERVIEW

SLC Projects is South East Queensland's premier commercial design and landscaping contractor. Specialising in design, soft and hard landscaping, civil works and maintenance, SLC Projects has been trusted to bring positive outcomes to commercial spaces for more than 10 years.

As a finalist in the Landscape Queensland Construction Excellence Awards, SLC Projects has been recognised for providing outstanding full-service designing, planning and construction services that deliver maximum value to clients.

Utilising inspired ideas, seamless strategies and an esteemed, in-house team of green-fingered professionals, SLC Projects is proud to deliver tailor-made, reliable and durable landscaping solutions from concept to completion.

SLC Projects is trusted by:

COMPANY VALUES

At SLC Projects, every decision we make reflects our core values and integrity. We are 100% committed to delivering superior outcomes for our clients, partners, the community and external stakeholders.

QUALITY

Trusted Quality

Our team prioritises quality and knows how to extract peak performance from a diverse range of landscaping solutions. This is how we provide premium outcomes that also deliver maximum value for clients.

COMMUNICATION

Clear Communication

From concept to completion, we emphasise the value of clear communication so all involved benefit from successful results.

HEALTH AND SAFETY

Safety First - Always!

Safety is always the first item on our agenda. All of our projects are carefully planned to ensure a safe, low-risk working environment for our employees, subcontractors and clients.

TEAMWORK

Better Together

Hiring team members who resonate with our core values is key to our success. By working together like a tight-knit family, encouraging skills development and rewarding exceptional performance, SLC Projects has developed an impressive, results-driven reputation.

ENVIRONMENTAL RESPONSIBILITY

Environmental Protection Plans

Our love for the environment drives us to support this precious resource. SLC Projects is committed to having a soft impact on work sites, so we can all live in a healthy community with clean air that is as free of toxins as possible. Our inductions and environmental protection plans support this core value.

RELATIONSHIPS

Committed To Relationship Development

SLC Projects has a reputation for bringing workmanship, pride, and professionalism to every project. We are immensely proud of the strong and collaborative relationships we build with our clients and partners.

INTEGRITY

Integrity Builds Trust

Being honest and upholding high standards of integrity are core to our values. Doing so allows us to build trust with our clients and the general public during construction periods.

CORE COMPETENCIES

EXPERIENCED STAFF

Delivering only the best! SLC Projects is comprised of an experienced, in-house team of green-fingered professionals who take pride in delivering quality landscaping solutions that meet, and exceed, clients' expectations.

PLANNING

From concept to completion, SLC Projects are dedicated to meticulously planning each step of every landscaping journey. By honouring industry standards and providing quality assurances, our clients receive well-crafted strategies that offer peace of mind beyond construction.

FLEET MANAGEMENT

Thanks to our in-house team of experts, SLC Projects has a range of fleet leaders who can undertake all areas of landscaping, including soft landscaping, hard landscaping, civil works and maintenance. Our fleet is efficient, on time and works within budget.

QUALITY OF WORK

SLC Projects aims to exceed clients' expectations. That's why we only hire landscaping professionals who align with our professional and ethical values and that are committed to using high-quality materials, tools and equipment on worksites.

SERVICES

SLC Projects offers South East Queensland premier commercial design and landscaping solutions. Our specialist services include Design, Softscapes, Hardscapes/Civil Works and Maintenance.

DESIGN

Our commitment is to assist with all stages of the design process, from initial consultation through to final garden installation.

HOW IT WORKS

Step 1 - Initial Consultation

An extensive consultation process allows us to clearly understand the client's landscaping needs. Following mutual understanding of the project's requirements, a design and construction fee proposal are provided for the client's consideration.

Step 2 - Garden Design Package

Including, but not exclusive to:

- Site survey and analysis
- Design to draft stage and consult with client for feedback
- Detailed drafting of the landscape plan/s complete with landscape layout, hard and soft landscape arrangements, plant schedule, levels, contours, irrigation, lighting concepts, drainage recommendations and construction details
- Presentation of the final plan to the client + construction consultation.

Step 3 - Quotation for Installation

Following completion of the design, an all-inclusive construction and implementation quote is provided for the client's consideration.

SERVICES

SOFTSCAPES

SLC Projects combines nature's wisdom with science to create inspired softscapes that flourish for years to come.

Our specialist teams understand how varieties of plants, turf, hedging and mulch impact a space, and we always consider client needs when selecting these natural elements.

- Site preparation
- Earth works
- Soil treatment
- Jute matting
- Planting
- Roof top planting
- Tree services
- Turf works
- Soft wall works
- Mulching
- Drainage systems
- Irrigation systems
- Swale
- Streetscape

SERVICES

HARDSCAPES & CIVIL WORKS

SLC Projects is a master at working with the non-plant material (hardscapes) used in landscaping, as well as providing precision excavation and earthworks services.

Trained to strict industry standards, our professional and dependable team have the knowledge, experience, and innovation to transform any design concept into reality.

- Concrete paths (plain, aggregate, stencil, off form concrete)
- Retaining walls (timber, concrete sleepers, foam work, sandstone)
- Fencing (timber, soundproof, Colorbond)
- Paving
- Tactile indicators
- Structures
- Rock works/designs
- Entry walls/tatement
- Edges/kerbs
- Decking
- Furniture
- Playgrounds
- Playground equipment
- Wet playgrounds
- Public shelters
- Ampitheatres
- Bollards
- Softfall rubber
- Irrigation systems
- Drainage systems
- Water feature
- Amenity buildings
- Exterior artwork

SERVICES

- Graffiti removal
- Facilities cleaning
- Maintenance reporting

COMPREHENSIVE LANDSCAPING APPROACH

SLC Projects offers continuity of landscape construction services from project inception to completion. Our experienced team of professionals collaborate to ensure clients receive landscaping outcomes that are specifically tailored to their needs.

BUDDHIST TEMPLE

Goodna, QLD

Client : Buddhist Temple Goodna
Location: 108 Eric St, Goodna QLD 4300
Start: 10/09/2019
Complete: 05/02/2021

PROJECT DETAILS

Brisbane's Buddhist Temple is situated on 10 hectares of elevated bushland. SLC Projects was tasked with delivering peaceful, quality landscape outcomes to satisfy planned expansion of this precinct, which needed to meet the needs of Buddhist Monks, Committee Members and the up to 500 visitors that attend during major festivals.

This innovative and intricate project required thoughtful design and collaboration between landscape architects and Buddhist Monks to bring their vision of an external spiritual environment to life.

WORKS UNDERTAKEN

From concept to completion, SLC Projects were responsible for this complex landscaping project. Some of the challenges we conquered were working with a steep block and executing all civil works required on this site.

Completed projects include:

- 80 car park spaces
- Bitumen roads
- New sewerage system
- Traffic lights
- Big boulders
- 4 levels of retaining walls
- Soundproof fencing
- Soil erosion control system
- Irrigation systems
- Streetscapes
- Peaceful gardens

CJM INNOTRACK PTY LTD

Stretton, QLD

Client : CJM Innotrack Pty Ltd
Location: 584 Gowan Rd, Stretton
Start: 08/03/2021
Complete: 03/06/2021

PROJECT DETAILS

Located in an upmarket Brisbane suburb, this luxurious townhouse community was created by specialist builder and town planner, CJM Innotrack. SLC Projects efficiently provided all landscaping solutions for this community, and are proud to have exceeded the client's expectations while providing maximum value for money.

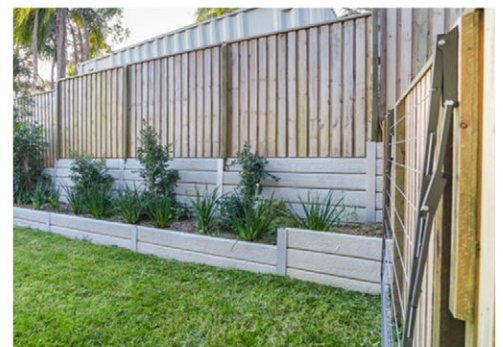

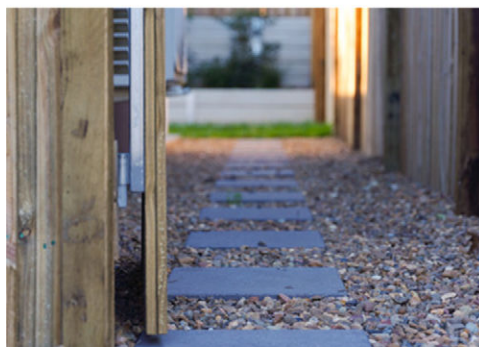

Once completed, this lavish community attracted buyers ready to invest in their second or third home who appreciated inspired building and landscaping designs.

WORKS UNDERTAKEN

This detail-orientated project utilised our expertise in design, softscaping, hardscaping and civil works. One challenge involved creating a solution for driveway construction, which the client initially had trouble with due to council restrictions. The SLC Projects team found the best way to resolve this impasse.

Completed projects include:

- Community park with garden beds and sitting area
- Softscapes for all units, i.e. trees and turf
- Driveways - common and residential
- Streetscapes
- Decking
- Fencing
- Retaining walls
- Inbuilt letterboxes
- Bioretention systems

HUMAN SERVICES (CENTRELINK)

Caboolture, QLD

Client : Human Services (Centrelink)

Location: 28 King St, Caboolture

Start: 21/06/2021

Complete: 08/07/2021

PROJECT DETAILS

Marked as 'urgent', this Human Services job was granted to SLC Projects on the condition that work commenced as soon as possible. It is the perfect example of how our team can provide high-quality landscaping outcomes with a quick turnaround.

DeMartini Fletcher, a respected community development group, planned this project and requested that each task was overseen by its own Project Manager. SLC Projects are proud to have efficiently brought this important public space to life.

WORKS UNDERTAKEN

In collaboration with DeMartini Fletcher, execution of this job was close to flawless. Our biggest challenge involved restrictions on bringing trucks weighing over 2 ton onto the worksite. This could have impacted our ability to transport soil and mulch into the area, but SLC Projects found a creative way to resolve this critical problem.

Completed projects include:

- Softscapes, i.e. 4000+ trees, plants and weed-free grass with auto-irrigation
- Outdoor public area, including installation of low maintenance furniture
- All outdoor garden beds
- Streetscapes
- Water proofing
- Civil works
- Car park spaces
